

High Performance Gasoline Engine Oil

Product Description

- **PERFORMA** : High performance, multigrade SAE 20W-50 gasoline engine oil exceeding the highest quality standard of API (API SN). Specially formulated from high quality unconventional base oil and high performance additives to provide complete engine protection in all service conditions and protect engines when operating on gasoline or any ethanol-blended fuel up to E85.

Features/Benefits

- Provides better lubrication and engine wear protection under all operating conditions
- Offers improved thermal stability and oxidation resistance and extends the oil drain intervals
- Keeps engines cleaner and protects against deposits and sludge formation
- Extends the service period of catalytic converter

Applications

- Recommended for use in all types of gasoline vehicles, new or old engines. Also suitable for engines requiring API SM, SL, SH and lower performance lubricants.

Reference Standards

- API SN

Key Properties

	SAE 20W-50
- Viscosity @ 100 °C, cSt	18.5
- Viscosity Index	128
- Cold-cranking Simulator, @ -15 °C, cP	7,800
- Flash Point , (COC) , °C	246
- Pour Point , °C	-21
